

Telecom Program Highlights

Select IP Business line services are now offered for CanGift members.

Enjoy modern technology that can ease your business operations. No equipment purchase is required; and you don't need to have phone lines to make and receive calls. You pay a fixed monthly fee for the services that you choose and leave all the worries and cost of maintenance and support to us. You can change your configuration and add or remove users as often as you wish without a technician's visit.

\$29.⁹⁵
A savings of 15%
