

## SECURING BOOTH AND PRODUCT AT THE SHOW

### HERE ARE A FEW SUGGESTIONS...

Canada's largest gift trade show presents a tempting forum for inscrutable activity, theft. This can be an issue from time to time and as an exhibitor at the Toronto Gift + Home Market, all participants play an important active role in preventing and minimizing any possibility of product pilfering.

Note: The Toronto Gift + Home Market is not responsible for any loss of product while you are exhibiting at the show as per item #5 of your signed Exhibit Space Contract, Show Conditions, Rules and Regulations of Agreement. Uniformed security guards will be on duty throughout move in, show days/nights, and move out. Please extend them your fullest cooperation.

The following suggestions may be helpful to you to prevent possible deterrents:

1. **Booth Security Guard**: hiring a guard within in your booth while you are not present deters theft.
2. **Cover up**: as soon as product is in your booth during move-in, and when you close up each night of the show, cover any venerable product and secure it (i.e.: wire mesh, fabric, etc.).
3. **Remove**: any small items that you have concern about (i.e. one of a kind pieces) place them under tables or in boxes hidden out of sight or, take them with you when you close up for the night.
4. **Display Cases**: can be used instead of glass shelving. Cover the display shelves with cloth eliminating the visual temptation. Ensure to keep the opening of the case inside the booth and lock it.
5. **Close in**: any exposed/open front and/or sides of any glass-shelving units so that tempted, quick fingers can't reach in, grab & run.

We hope that applying the simple and common-sense precautions suggested above will assist you in securing your booth and products.

As an added note, please make sure you are fully protected for all possible scenarios while at the show, covering any personal & property risks.
