

## **SAVE TIME AND MONEY BY USING THE PROPER FLOOR TAPE!**

We would like to take this opportunity to remind all exhibitors that it is your responsibility to remove any flooring adhesive (namely carpet tape) at the end of the show.

The approved carpet masking tape is **Renfrew Tape #172**. Have you ever noticed how easily the aisle carpet is removed at the end of the show? The show providers only use **Renfrew Tape #172** for the booth and aisle carpet.

### **Benefits of Renfrew Tape #172:**

- Strong holding power
- Adheres well to a variety of surfaces
- Removes cleanly after aging
- Improves overall productivity

**Renfrew Tape #172 is available at the GES Canada service desk on site.**

Once again, this notice is a reminder to the exhibitor that it is their responsibility to remove any and all flooring adhesive that they use.

### **\*\* IMPORTANT MESSAGE \*\***

**ANY FLOORING ADHESIVE LEFT BEHIND WILL BE REMOVED BY BUILDING CLEANING SERVICES WITH THE CHARGE OF REMOVAL BEING BILLED DIRECTLY TO THE EXHIBITOR.**

To avoid being billed for floor adhesive removal please use the recommended **Renfrew Tape #172**, or ensure that your choice of flooring adhesive is completely removed during tear down of the show.
