

Welcome to Canada's premier gift market for leading brands and creative retailers.

ACCEPTABLE COMPANY AND BUYER IDENTIFICATION:

Why do we ask retailers to provide their Business License or Registration?

It's simple. At the Canadian Gift Association, protecting your business is our business!

Exhibitors and visitors to our events make a substantial investment in the CanGift Markets. By asking you to provide documentation identifying you as a retailer, and not a member of the public, we are maintaining the integrity of your business while ensuring exhibitors meet their most important customer – you.

Two forms of acceptable identification must be submitted for **each new Buyer – one form of Company, and one form of Buyer identification.**

If your Company is already registered with the Canadian Gift Association, then just one form of Buyer identification that shows your affiliation to the registered Company is required.

Acceptable forms of Company identification:

- Business Number/Canada Revenue documentation (federal) identifying a giftware-related business.
- Business License/Registration (provincial/municipal) identifying a giftware-related business.
- A recent invoice (within six months) from industry manufacturers for goods purchased at wholesale in quantity.
- Store/commercial lease, indicating type of business.
- NOTE: A printed invitation from an Exhibitor may count as Company ID. Those presenting a personalized invitation must still complete the on-site Registration Form and produce Buyer ID.

Please note: Documentation must identify the business as a retail operation for a Buyer's badge.

Acceptable forms of Buyer identification:

- Imprinted, personalized business card with applicant's name.
- Employee ID card, or company insurance card identifying applicant with personal information blocked out. *
- Company credit card identifying applicant and company, with personal information blocked out. *
- Copy of T-4 or W-2 form (must be imprinted, no handwritten forms are accepted) with personal information blocked out. *
- Company cancelled payroll cheque copied on both sides, or a copy of a payroll printout.

* Please block out personal information from the above provided examples.

We reserve the right to request additional identification if deemed necessary.

PLEASE NOTE: Badges will not be provided without proper identification.
