HUSS Incense – The greatest selection of incense burners and cones

### HUSS INCENSE INTRODUCES THE NEW INCENSE OVEN “TABLE HUSS’L SMALL”

HUSS Incense is the official partner in Canada and the United States of the German manufacturer "Jürgen Huss Räucherkerzen" who produces and sells HUSS Incense burners, ovens and cones. We are proud to keep the tradition of incense burners in North America alive and liaise strongly with the manufacturer in Neudorf, Germany to keep our customers up to date and to introduce new products rapidly.

One of our newest additions to the HUSS Incense oven family, is the **Table HUSS’l Small**. This particular incense oven is not only a precious piece of decoration, but can also be used in multiple different ways.

The solid iron stove, just as his bigger brother the **Table HUSS’l**, is handmade and offers multiple ways of using it. Just like real ovens, this table burner can be used to burn real wood, but it can also be used with incense cones, essential oil or tea lights. However, the oven is used, it produces good smells, warmth and a cozy atmosphere. With the add-on **HUSS Incense Steel Pan**, it is even possible to make miniature meals like fried eggs with our small table oven and impress everyone who gets to catch a glimpse of this unique piece of tradition. The oven can be used indoors as well as outdoors.
